The moors

Wuthering Heights is set in an area of North England called Yorkshire, also known as the Yorkshire Moors. A moor is an area of high, open, uncultivated land.

The moors are typically empty, bleak and desolate. They have hills and dark sandstone rocks. The plant that predominantly grows on the moors is heather, a low plant with small purple, pink and white flowers. It seems to be one of the only plants that is able to survive the strong, cold wind that blows constantly across the moors.
