BASE / ALMOFADA ENCOSTO

ALMOFADA SOLTA NO ENCOSTO traz praticidade na hora da limpeza do estofado, além de permitir ser afofada, mantendo ainda mais seu conforto e aconchego.

MADEIRA MACIÇA. fixada com grampos metálicos e cola PVA (própria para madeira) a união destes dois componentes conferem à estrutura firmeza e estabilidade evitando rangidos e imperfeições na peça

ESPUMA SOFT. possui alta resiliência e maciez, proporciona maior conforto e suavidade ao usuário, além de permitir maior passagem ar entre as camadas o que aumenta a vida útil do estofado

PERCINTA ELÁSTICA no assento fazendo a ligação entre o esqueleto e as camadas de conforto, garantindo o suporte necessário para as espumas proporcionando melhor desempenho e durabilidade

FIBRA POLIÉSTER SILICONADA. Apresenta um toque aveludado e suave, com melhor deslize e fácil manuseio. Além disso, é antialérgica, higiênica e permite maior ventilação. Dessa forma, previne a formação de ácaros e fungos. Sua forma microscópica em espiral confere-lhe alta resiliência, retornando à posição inicial mesmo após pressionada por muito tempo

ESPUMA ECOSOFT – utilizada sobrepondo as demais espumas, a espuma ecosoft tem como principal características a sua maciez e toque suave, permitindo uma sensação única de conforto e aconchego ao sentar-se.
